

# ICYCLE SPIN-A-THON

**FEBRUARY  
12TH & 13TH  
2025**

## **111 Harbor Way - SEAPORT**

ICycle is Greater Boston's only outdoor winter spin-a-thon, featuring 30-minute spin classes over two days. Teams and individuals sign up for a class and brave the cold in solidarity with our unhoused neighbors - over 90% of funds will support HomeStart's core programs and services.

## Who We Are

HomeStart believes that home is the foundation of a thriving life, and a dignity to which everyone has the right. HomeStart is an innovative nonprofit whose mission is to end and prevent homelessness in Greater Boston. To date, HomeStart has permanently housed more than 17,000 people out of homelessness and prevented more than 6,000 households from being evicted - with 95% of those households remaining securely housed even 36 months after the intervention.

Our approach is three-pronged:

### **EVICION PREVENTION**

We intervene to prevent families and individuals from experiencing homelessness by way of eviction by providing advocacy and financial assistance.

### **HOUSING SEARCH**

We place families who are staying in shelters or living on the street into permanent housing.

### **STABILIZATION**

We ensure that clients have the best chance at maintaining their housing after placement by providing essential support services.

## Our Yearly Impact?

**500**

Households are prevented from experiencing eviction and homelessness

**300**

Homeless families and individuals move into permanent housing

**375**

Formerly homeless households receive housing stabilization services, including affordable housing subsidies and money management services

**2500**

Additional households in crisis receive housing search consultation and eviction prevention counseling
